Call for Sponsorship

International Symposium on Electromagnetic Compatibility
Rome, Italy, September 7-11, 2020

Roma, July 2019

Dear Sir/Madam,

we are proud to confirm you that International Symposium on Electromagnetic Compatibility - EMC Europe 2020 will be held on September 7-11, 2020 at the Engineering Faculty of the Sapienza University of Rome.

EMC research and conferences in Europe have a long tradition. From the series of independent EMC Symposia based in Wroclaw, Zurich and Rome running every second year, has emerged EMC Europe which is organised every year in a European city to provide an international forum for the exchange of technical information on EMC. Currently, EMC Europe is the most renowned and participated EMC conference in Europe, and probably in the world. The current edition of EMC Europe 2019 will be held in Barcelona (ES) in September 2019.

EMC Europe 2020 Roma will cover the entire scope of EMC including traditional areas and EMC aspects of emerging technologies as 5G, autonomous drive systems, industry 4.0, IoT, wireless power transfer, nanotechnologies, health, etc... Oral and Poster Sessions, Workshops, Tutorials, Short-Courses, Special Sessions will be organised. There will be a technical exhibition held in parallel with the conference. Sponsorship opportunities are available.

We would like your Company to become one of the Conference advertisers. Depending on your potential interest in the Symposium, we have created different profiles, with different advertising possibilities and different prices. We are also available to discuss other alternatives with you.

We are looking forward to hearing from you.

Chairs
Mauro Feliziani | Maria Sabrina Sarto

Below please find the sponsorship options for EMC Europe 2020 Roma.
